TELEGRAPH LINE CUT.

Direct Communication With Lady-smith Said to Be Cut Off.

HAS JOUBERT INVESTED CITY

Owing to the Limited News From the Front, the Movements of Contending Armies Are Not Known.

London, Nov. 3.—Belated dispatches from the British camp at Ladysmith, Natal, add little information regarding Monday's fight, except the estimates of the Boer losses, which are now said to be 95 killed and 200 wounded, mostly victims of the artillery shells, which have wrought such great havoc that it is said General Joubert, the Boer commander-in-chief, has written a letter to General White, the British commander, protesting against the use of lyddite.

According to all accounts the presence at Ladysmith of the long range naval guns and the splendid shooting of the blue jackets have materially improved the position of the British. A temporary armistice was declared Monday evening, to allow of the collection of the dead and wounded.

A despatch from Kimberley, dated Oct. 29, said all the wounded were doing well. Small bodies of Boers, about 400 strong, were then frequently seen. They apparently came from Mafeking for the purpose either of assisting in the attack on Kimberley or to resist the advance of reinforcements. The absence of water outside the place causes the Boers to continually move their camps.

While the wires to Ladysmith are cut, the optimism of the war office officials in refusing to believe that Ladysmith was completely invested, or Colenso captured, appears to be justified as later it was asserted that the railroad was still open, though traffic has been conducted with the greatest caution. What, however, was only a rumor may be reality at this moment. General Joubert, with a large and wonderfully noble force, is expected to detach a force of several thousand men and make a dash at the railroad.

While there is a habit here to assume that news of Boer victories emanating from the continent can not be true because of the censorship, the fact is forgotten that foreign governments are fully privileged to send and receive cipher messages to and from their representatives in South Africa.

In Great Peril.

London, Nov. 3.—General Joubert's movement to cut off General White at Ladysmith from Colenso is being carried out and it is proposed that Pietermaritzburg, the capital of Natal, will fall into General Joubert's hands before General Buller and reinforcements can arrive. The South African situation is again causing the deepest alarm. The silence of the war office, which received several dispatches from Cape Town and Durban, the holding back of the list of casualties at Ladysmith and finally the announcement of the mobilization of the Second army corps on the 10th of this month, all combine to show that the position of British power in South Africa is one of gravest peril.

No Fresh News.

London, Nov. 3.—The war office replying to inquiries said no information had been received there of fresh Boer movements at Colenso or elsewhere and it was added that the officials were not aware of the railroad at Ladysmith was intact or not.

To Mobilize the Militia.

London, Nov. 3.—An army order just issued instructed the proper authorities to mobilize 35 battalions of militia at their respective headquarters on various dates after Nov. 20.

Vessel Wrecked.

Nassau, N. P., Nov. 3.—The captain and crew of the schooner Celina from Philadelphia, Oct. 9, for Galveston, which struck a reef off Choke sound, Abaco, on Oct. 23, drove over and lay between the reefs while a heavy sea was running, have arrived here. They report that the vessel and her cargo have been lost, but that the materials have been saved.

To Be Transferred.

San Francisco, Nov. 3.—On Jan. 1 San Francisco will cease to be the shipping and general business center of the Pacific Coast Steamship company and the local interests of that concern will be moved to Seattle.

Chicago, Nov. 3.—A telephone message was received here from Hohart, Ind., saying that the Aetna powder mills had been blown up. Two men are reported killed.

DISASTROUS FIRE.

Six Hundred Bales of Cotton and Many Buildings Burned.

Thomasville, Ala., Nov. 3.—A disastrous fire started in the office of N. B. Boyle's large store and b. 1 a. m. every business house in town except H. Morningstar and company and J. P. Turner and Sons was burned. Very few goods were saved from any of the buildings as the fire under the impetus of a high northwest wind spread with fearful rapidity. Six hundred bales of cotton in the public warehouse were burned, with little insurance on it. The loss is approximated at \$150,000. The cotton burned in the People's warehouse will be lost by farmers in surrounding country who had stored it there. Insurance not known, but almost nothing.

Heavy Liabilities.

Chicago, Nov. 3.—Liabilities amounting to almost \$5,000,000 are scheduled in a petition filed in the United States district court by Levi R. Doty, a capitalist, who seeks relief under the national bankruptcy act. The petitioner is president of the Northern Fuel company and the Lehigh Coal and Coke company. His scheduled assets aggregate over \$400,000, consisting principally of capital stock. The heavy liabilities result from the failure in 1893 of several large coal companies in which Mr. Doty was interested. Columbus and Toledo banks and coal companies are heavy creditors.

Criticized Congress.

Washington, Nov. 3.—There are three features of interest in the annual report of Admiral Crowninshield, chief of the bureau of navigation, just made public. First is an arraignment of congress because of the failure to reward the officers recommended for advancement as a result of the battles around Cuba; second, the recommendations for a change in the present system of receiving ships, and third, the suggestions touching the new system of training landsmen.

Soldier Shot.

Niagara Falls, N. Y., Nov. 3.—Private Simon Downer of the Forty-second Infantry, United States volunteers, was fatally shot at Fort Niagara while attempting to escape from the guard. Downer was under arrest for assaulting five of his comrades with a knife. In the struggle it was thought that he had been injured, and while taking him to the post surgeon he made an attempt to escape. He was shot through the right shoulder, the ball penetrating his lungs.

Professor Herron Resigns.

Des Moines, Ia., Nov. 3.—The trustees of Iowa college received the resignation of Professor George B. Herron from the chair of applied Christianity. In the letter tendering his resignation, which is final, Professor Herron says that so long as he is connected with the college no money would be given it because of his interpretation of the teachings of Christ and his own socialistic views.

Three Bodies Recovered.

Chicago, Nov. 3.—Searchers in the ruins of the New England mills which collapsed Wednesday night recovered the body of Charles Mullin. This makes three bodies so far that have been recovered and the body of Henry Hilton, the bookkeeper of the firm, still remains in the wreck.

Public Health Association.

Minneapolis, Nov. 3.—At the closing session of the American Public Health association a resolution was adopted deprecating the use of preservatives of a harmful nature in food products. The choice of Indianapolis as the next meeting place was ratified.

Difficulties Pointed Out.

Washington, Nov. 3.—The difficulties attending the administration of justice in Cuba and Porto Rico are pointedly brought out in reports to the Judge Advocate General of the army, General Lieber, whose annual report was made public.

Frozen to Death.

Colorado Springs, Col., Nov. 3.—J. O. Fussell, an old-time resident of Manitou Park, was caught in a blizzard in the park and frozen to death. He was hauling provisions with a team to a ranch when overtaken by the storm. He was 63 years old.

Will Continue the Work.

Washington, Nov. 3.—The Philippine commission held a brief session. It was decided that the commission will continue its work without a recess. Mr. Schurmann will leave for Ithaca to be gone a week, but will take his work with him.

Mr. Godkin Retires.

New York, Nov. 3.—Mr. E. L. Godkin has severed his active connection with the Evening Post. The step has been hastened by impaired health. He will continue to be an occasional editorial contributor.

RICHARD CROKER

Denies Statements in Chairman Mazet's Campaign Speeches.

New York, Nov. 3.—Whatever expectation there was that Richard Croker would make a scene before the assembly committee on the management of this city was not fulfilled.

In the course of an address before a political meeting a few days ago, Chairman Mazet asserted in effect that when the gas charter was introduced into the legislature by him, that measure being inimical to the New Amsterdam Gas company and, it is alleged, in the interest of the Consolidated Gas company, Mr. Croker proposed to withdraw his opposition if the Consolidated company would buy at his price the stock of the New Amsterdam company which he held. It was to make denial of this statement that Mr. Croker demanded a hearing before the commission.

Immediately on calling the committee to order, Chairman Mazet asked: "Is Mr. Croker present?"

The Tammany chief responded: "I am here under oath, I presume, and I want to deny a statement which you made in your campaign speeches in your district." Mr. Croker was then excused. Subsequently Chairman Mazet gave out the following statement:

"Mr. Croker knows that this is no place and no time in which to settle the question between him and me. What I said upon the stump I said not of my own knowledge, but upon good and sufficient authority. If Mr. Croker really wishes to have the truth of my statement tested, he can sue for libel or he can prosecute me criminally by a friendly district attorney. Hero we can not even compel Mr. Croker to answer proper questions, or compel any witness to testify on this matter as the question between us is not relevant to this inquiry."

Plucky Society Woman.

Indianapolis, Nov. 3.—William Walters, a negro burglar, broke into the home of Mrs. I. J. Lodge and was captured and held by Mrs. Lodge until the police arrived. The negro was busily engaged taking Mrs. Lodge's clothing from a closet when the woman walked into the room. There were no other persons in the house, but Mrs. Lodge grappled with the man and the struggle extended into the yard and the woman's screams finally brought her brother, John P. Newall of New York. Mrs. Lodge is a well known society woman.

New Incorporations.

Columbus, O., Nov. 3.—The American Game Table company, Dayton, capital stock \$25,000; the Ohio Laundry company, Urbana, capital stock \$10,000; the Hungarian Social club, Cleveland; the Metal Goods Manufacturing company, Cleveland, capital stock \$100,000; the Youngstown Military band, Youngstown; the Acme Brick company, Marietta, capital stock \$50,000; the Commercial and Railway Storage company, Cleveland, capital stock \$50,000.

Gift From Former Foes.

Kingston, R. I., Nov. 3.—Sedgewick Post G. A. R. has received a check from Robert E. Lee Camp, Confederate Veterans of Richmond, Va., to assist the post in reducing the debt on its encampment hall. The check was sent in recognition of the services performed by the post which acted as escort when the body of Miss Winnie Davis, the "daughter of the Confederacy," left this state for the south one year ago.

The Cabinet Meeting.

Washington, Nov. 3.—The cabinet meeting lasted two hours. Much of the time was spent in the reading and discussion of the preliminary report of the Philippine commission. The report was considered very satisfactory and received the full approval of the cabinet. There was some incidental discussion of the status of our insular possessions in relation to the postal union.

Confessed to Stealing Gold.

New York, Nov. 3.—George W. Birchett, a colored porter employed by the Adams Express company, was arraigned in police court and held for trial on a charge of stealing a money bag containing \$6,000 in gold from the company's office on Saturday last. Birchett confessed the theft and said he had taken the gold out of the company's office in a bundle of wood.

Beresford Accepts.

Plymouth, England, Nov. 3.—Rear Admiral Lord Charles Beresford has accepted the post of second in command of the British Mediterranean squad in succession to Rear Admiral Sir Girard Henry Noel, whose time expires in January next. Lord Beresford has already selected his staff.

Rev. Haffner's Death.

Berlin, Nov. 3.—The Rt. Rev. Dr. Haffner, bishop of Mayence, is dead.

REPORT FROM OTIS.

Several Small Actions of the Americans and Filipinos.

Washington, Nov. 3.—The war department has received the following cablegram from General Otis at Manila: "On first instant, Lieutenant Slavens and 18 men reconnoitered MacArthur's front, struck 40 or more entrenched insurgents. Immediately attacked and dispersed them, killing three and wounding a number. No casualties. Thursday Lawton's advance at Alimo struck enemy both west and south of city. Batson's Macabebe scouts reconnoitering south struck insurgents in ambush. Lieutenant Boutelle killed, one scout wounded. Batson routed enemy, left seven dead in thickets. Bell, Thirty-sixth volunteers, with regiment and troops Fourth cavalry, cleared country of all armed insurgents from Florida, pursuing them into mountains, capturing nine of their cavalry horses, several guns, considerable property, killing, wounding and capturing a number of the enemy. Insurgent cavalry of that section practically destroyed. Bell's casualties, one man killed and two wounded."

About Young Boutelle.

Washington, Nov. 3.—Second Lieutenant Henry M. Boutelle was a son of Captain Frazier A. Boutelle, U. S. A., retired, and a nephew of Representative Boutelle of Maine. He was appointed second lieutenant of the Third artillery July 9, 1898, from civil life and the next month accompanied his regiment to the Philippines.

Celebrations Continued.

Kansas City, Mo., Nov. 3.—When the elaborate welcoming ceremonies in their behalf had been concluded at Topeka members of the Twentieth Kansas volunteers began scattering in all directions for their homes, leaving by squads and companies, and by noon practically all had reached their destination. In almost every town and city in the state celebrations are being held in honor of the soldiers, receptions, parades and generally jubilant times marking the arrival of the men. In Kansas City, Kan., one of the biggest demonstrations in the history of the metropolis occurred, including a parade made up of 8,000 people.

Tax on Bananas.

Bluefields, Nicaragua, Nov. 3.—The residents of Bluefields are again having some trouble with the administration and hereafter will be taxed from another quarter. Some 10 days ago it was announced that after Nov. 1 an export duty of two cents a bunch would be placed upon bananas. This export is the life of the coast. The Americans have built up the industry and are building up the country by their presence. The duty proposed affects only the Americans. Were it not for the disorganized condition of the people of the coast another revolution would be likely.

Will Recruit a Battery.

Arlene, Kan., Nov. 3.—Captain George N. Watson of company L, Twentieth Kansas, has secured government permission to organize a Kansas battery of light artillery with 170 men and six rapid-fire Hotchkiss guns. He will return to the Philippines to fight under General Finston. The battery will be organized here and many of Watson's old company will re-enlist.

A Rich Cargo.

San Francisco, Nov. 3.—The whaling ship Charles W. Morgan, which has arrived here from the Okhotsk sea during her year's cruise, secured 1,400 barrels of sperm oil, 2,600 pounds of bone and 60 pounds of ambergris. The latter was an especially good find as it will bring from \$250 to \$400 a pound. The ambergris was landed in Japan and has already been sent to owners of the vessels, J. and W. Wing of New Bedford.

Soldiers in a Wreck.

Fort Scott, Kan., Nov. 3.—The Missouri Pacific special train bearing company F, Twentieth Kansas, to this city from Topeka, collided with an M, K. and T. freight train at a crossing 10 miles north of Blue Mound, Kansas. The fireman of the Missouri Pacific was injured, the passengers escaping with a severe shaking up. The engine was badly wrecked.

Vanderbilt Railway Presidents.

New York, Nov. 3.—A meeting of all the Vanderbilt railway presidents has been called for in this city at once. It is believed that there will be submitted by W. K. Vanderbilt a plan for the closer unification of the systems so that thereby the properties may be brought into more harmonious and more economical operating relations.

Death of Father Jessing.

Columbus, O., Nov. 3.—Monsignor Joseph Jessing, founder of the Josephinum, is dead.

THEY ARE UNANIMOUS

In Their Conclusions About Our Duties In Philippines.

VIEWS OF ADMIRAL DEWEY.

Government of the Islands Should Be Gradually Transferred to Filipinos Under American Rule Says Mr. Schurmann.

Washington, Nov. 3.—With the submission of their preliminary report to the president members of the commission felt at liberty for the first time since their arrival in the United States to partly discuss the subject of their investigation in the Philippines.

"I wish you could say for me," said Admiral Dewey, "that I indorse every word of the commission's report. I can say this with perfect propriety for the reason that I did not write. It was written by the literary members of the commission after full and free conference between us, but on every conclusion reached we were unanimous. It is an absolutely truthful representation of all that has happened and of the existing situation.

"There has never been a moment since the first gun was fired that the United States could have withdrawn from the islands and the reasons set forth in the report as to why permanent American control is essential are, in my opinion, immovable. There is no other alternative. That the Tagalos are realizing it is shown by the rapid disintegration from Aguinaldo's ranks.

"The later advices show a very decided improvement in the situation. I look for an early termination of the war. In fact I firmly believe that the bottom has dropped out of the insurrection."

"As soon as the Tagalo insurrection is suppressed," said President Schurmann, "the United States should immediately establish a government to be administered at first under the direction of the war department, but by successive stages to finally be placed in the hands of the Filipinos under American sovereignty.

"My idea is that there should be progressive self-government and a gradual development of home government as the Filipino becomes more experienced in political affairs and sufficiently educated to understand the questions with which he has to deal. What the character of this government should be is a matter which has not been touched upon by the commission in its preliminary statement. I will not say that it has not been considered, for it has. It has proposed to deal carefully with this matter in the report of the commission.

"I should think at first there should be a good governor general appointed by the president who should be assisted in administering the affairs of the island by a cabinet composed of representative men of the several tribes. This would eventually develop into the legislature of the archipelago. The provinces should be administered by Americans or by educated Filipinos under American guidance and the cities and towns by mayors elected by the people possessing certain educational or property qualifications or both as may be determined. It seems to me that the constitution proposed for the island of Negros by the commission is an excellent instrument to consider in connection with the government to be given the island of Luzon."

On Board the Transport.

New York, Nov. 3.—The Forty-seventh Infantry from Camp Meade arrived in Jersey City. There were 1,380 men under command of Colonel Walter Rowe. The men, who were all in good condition, had breakfasted in the cars and were then conveyed by a New Jersey Central railroad ferryboat to the transport General Thomas at Brooklyn which will convey the troops to Manila.

WEATHER FORECAST FOR KENTUCKY—Fair Saturday and Sunday; warmer in western portions Saturday; warmer Sunday; variable winds.

Put the X under the rooster as above next Tuesday and the job is done; and done in a Democratic way.

BEAR in mind that the polls close next Tuesday at 4 p. m. Get in your vote early.

A VOTE for Taylor is a vote to endorse Bradley's veto of the Bradburn anti-trust law.

VOTE your ticket straight! Democrats, make but one X next Tuesday, place it under the rooster. Go to the polls early. Get out the vote!

A VOTE for Taylor next Tuesday is a vote to endorse Bradley's veto of the bill to repeal the turnpike guard law,—a law that cost the tax-payers of Mason County several thousand dollars.

MR. MCKINLEY's administration has decided to establish a "Colonial Bureau," to look after the islands bought from Spain. Hit's so Henglish, you know. He should employ some Henglishman to take charge of the bureau.

ALL election booths and ballot boxes should be placed in thorough repair before next Tuesday. At the last election or two there was a big delay in some precincts at the start, because the ballot boxes were not in proper condition.

THE trusts feel their power. They are ordering mills closed and prices advanced right in the face of an election. What care they for the people? Had it not been for Governor Bradley's veto, Kentucky would now have an anti-trust law.

SOME bolters and deserters seem to be as much elated at the prospect of Republican supremacy, as they were of yore at a Democratic victory when they themselves were honored with office at the hands of the party they are now opposing.

THE asylums and nearly every other public institution in Kentucky were disgraced by scandals during the present Republican administration at Frankfort. These things are matters of record. A vote for Taylor next Tuesday is a vote to endorse these scandals.

FARMER, your wagon will costs you \$75 more next year than this, and your reaper \$10 more. Everything manufactured you buy will cost you more. Like the laboring man your products have not advanced proportionately and you get the hot end of it. Trusts and combines cause this condition. If you favor your own robbery, vote the Republican ticket next Tuesday.—Georgetown (O.) News-Democrat.

And if you don't favor your own robbery, vote the Democratic ticket.

FALSIFYING THE RECORDS.

In an affidavit made by C. J. Canfield last August, the latter charges General Taylor with trying to induce him to make a false report as to the expenses of the Eddyville penitentiary. Mr. Canfield was appointed clerk at the Eddyville prison in 1896, and he swears that after he made up his annual report at the close of that year, Mr. Taylor, then Attorney-General, and the present Republican nominee for Governor, came to him and told him it was not necessary to make the report. Canfield, however, had taken Governor Bradley's advice, and insisted on making the report. In his affidavit he makes oath that "Gen. Taylor then said that my books and vouchers could be one thing and my report another; that I could settle with the Auditor by my books, and that my report to the public would be of no consequence, and no harm could come to me or my boudamen."

Mr. Canfield made this sworn statement last August, and so far as we know, General Taylor has never denied its truth. Such a man as he is not the man to have at the head of the State government.

UP GO PRICES.

The Trusts Are Reaping a Rich Harvest

By Robbing the Consumers Right and Left.

Farmers in Particular Are Feeling the Heavy Hand of the Combines.

FIGURES FOR THE VOTERS.

The trusts are reaping a rich harvest these days.

The advance in many of the articles needed by the farmer is startling, so great has it been in the past year. The same is true also of a great many other lines of goods.

A few days ago the BULLETIN published some figures from the Enquirer showing the increase in the price of many of the necessities of life. These figures were furnished by the traveling salesmen of Columbus, O.

You don't have to go away from Maysville, however, to obtain figures showing how the grasping combines are enriching themselves at the expense of the people. The advance in prices has been especially unprecedented on goods used by the farmers. Here are some figures obtained from Maysville merchants who handle the articles named, showing the prices a year ago and the present price:

	1898 prices.	Present prices.
Barbed fencing wire.....	\$1 75	\$1 50
Smooth wire.....	1 50	3 00
Galvanized wire.....	2 00	4 00
Shovels.....	60	1 00
Steel wagon tire.....	1 75	8 00
Axes.....	50	90
Horseshoes (per kg.).....	2 50	4 00
Seythe blades.....	50	1 00

Farm wagons cost from \$5 to \$10 more than a year ago.

Disc harrows from \$10 to \$25.

Die drills, \$7 50.

Prows, 25 per cent.

Steel roofing, 33 1/3 per cent.

Mowers have advanced \$7 and binders \$10.

Steel buggy tires have advanced 150 per cent.

Steel axles, 100 per cent.

Steel buggy springs, 125 per cent.

Wire nails, \$1.25 to \$2.50.

Cut nails, \$1.05 to \$2.20.

As startling as these advances are, the trusts are contemplating a still further increase. One of the local merchants this week received the following from the leading iron trade journal:

NEW YORK, Oct. 30th, '99.

Gentlemen: Be kind enough to advise us whether the High Prices on goods which have been heavily advanced causes much objection on the part of buyers, or interferes to any important extent with their sale.

We ask this as it has an influential bearing on the probable course of the market. Very truly yours,

C. A. HADLEY, Hardware editor.

"That letter," remarked the local merchant, "simply means that the trusts are going to still further pile up the prices, if they see the trade will further stand it. It's outrageous, infamously. I wish you had seen the answer I sent to this iron trade journal. I told him that farmers had to a large extent quit buying fencing wire, on account of the high price. I also told him that next Tuesday the people of Kentucky would elect a gentleman named Goebel for Governor by 50,000 majority, that he was opposed to trusts, combines and all grasping corporations."

What is true of the advance in the articles above mentioned is also true in most every other line of trade. Clothing has advanced, so have boots and shoes, dress goods, cottons and groceries. Here's an advertisement taken from a Cincinnati paper yesterday. "Groceries are advancing. Every day we get notices of an advance in price on almost everything in our line. We have advised our customers from time to time to lay in their supplies. Many of them have taken advantage, but those who have not had better get in quick."

And so the thing goes. Trusts and combines are flourishing, but workmen's wages have not been advanced and farm products, with one or two exceptions

probably, are bringing about the same old prices.

Ex-Senator Washburn, the distinguished Minnesota Republican, in a recent article against trusts, sounds this warning:

"Individualism, as against combinations, must survive or the Republic will have lost its meaning and its mission. No men should be put in office who are in sympathy with trusts or trustmakers. The people can easily identify these men, and if the voters are properly aroused there will be no doubt of what they will do."

The Democratic nominees in the present fight, true to the principles of their party, are all opposed to trusts. Vote for them next Tuesday, and let the world know you are not in sympathy with the trusts system that has sprung under the present Republican tariff law.

JAMES J. JEFFRIES is still the champion heavy-weight pugilist of the world. He defeated Thomas J. Sharkey last night after one of the greatest battles ever fought between big men. Jeffries did not succeed in knocking Sharkey out, but he outpointed him to the satisfaction of the referee. Twenty-five rounds were fought.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham, of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fatal night. "All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c. and \$1. Trial bottles free at J. Jas. Wood & Son's drug store.

A Multitude of Blanket Bargains.

Our large purchase in Blankets were made long before the advance in woolens and cottons. We are in a position to sell you Blankets at last year's prices, although they have advanced 30 to 40 per cent. Our stock is larger and more varied than ever before which means a great deal. We are showing a full sized Cotton Blanket in grey or white at 49c. the pair. Better grades and larger sizes at 79c., 85c. and \$1.25. Prices on Woolen Blankets start at \$2.39 for one that is worth \$3. A superfine All Wool Blanket, in white or plaids, weighing five pounds and sold by others at \$5, is priced here at \$3.95.

Two Special Leaders in Our Cloak Department

The very large Cloak business we have already done this season demonstrates the par excellence of our stock and that our prices are way below others. For this week we are showing a full lined All Wool Kersey Jacket, in black or castor, at \$4.95. A splendidly made Seal Plush Cape, trimmed all around with fur, \$4.95. Without exaggeration these garments are worth fully \$7.50.

HEADQUARTERS FOR UNDERWEAR

We have always had the reputation of carrying the largest stock of underwear in town, for men, women, children. Our present stock more than maintains our good reputation of former seasons. There is nothing in the underwear line but what you'll find it here at prices always less than others.

CHANGE OF SEASON IS HERE

The market is full of Clothing—always will be—but when it comes to the new, stylish, well made sorts, they are scarce, and this season the house that did not buy correct styles early is simply "left at the post."

Light-colored Worsted in Plaids, Half-Plaids and Checks are a few "warm things." Then it is the shape next—short, natty, full-back Sacks, with high-cut, single-breasted and double-breasted Vests. Trousers right up to the fashion-plate and the prices—our prices—\$10, \$15 and \$20. In Top Coats you find with us the very newest in Coverts and Whip Cords, black and Oxford unfinished Worsted Cheviots. Elegant Castor Beavers in black, dark blue and the latest colorings in brown. No matter what good we would say about our Top Coats, the garments will more than sustain it.

No shoddy goods or inferior makes ever find their way into our stock. Our purchasing power, coupled with our selling power

(WE BUY AND SELL MORE CLOTHING THAN ALL THE OTHER CLOTHING HOUSES IN MAYSVILLE COMBINED)

enables us to get the best at prices other houses pay for the ordinary.

Leather and Shoes are advancing in prices. We still sell Hanan & Son Shoes (the best on earth) at \$5. They sell in all cities at \$6.

OUR CHILDREN'S DEPART- MENT

invites a visit from mamma. She'll find what suits the little darling and at prices that will not play havoc with papa's pocketbook.

BISHOP POTTER.

And His Remarkable Protest Against the Republican Policy of Imperialism. A Warning Sounded.

[New York World.]

It is a serious reflection upon the capacity or the courage of American statesmen and politicians that it was reserved for a churchman, Bishop Potter, to make the strongest protest yet delivered against the policy of imperialism in a republic. No other American has gone so straight to the fundamental objections to this policy, or has presented the argument against it so positively, impressively and ably as did this perfectly unbiased, fearless, independent Republican teacher of morals and religion in his address at St. Paul.

Bishop Potter said that while it is improbable that we shall ever change our system of Government, "nothing is more entirely possible than that a nation which still preserves the forms of democratic government may in time subordinate them to methods of administration which sooner or later will bring the substance of imperialism along with them."

The thing that destroyed Rome, said the Bishop, "was her loss of homogeneity," and he warned our people that "if we persist in diluting our civilization too largely, the result needs no prophet to foretell."

"We may have territorial expansion and material prosperity, and for a time, it may be, we shall have that possession which, in the mere dream of it, has begun to inflame our people with a strange

inebriety—I mean world-wide supremacy—but in the winning of it we shall have lost every distinguishing characteristic of a free and self-governing people.

"Is it worth while?"

It is this danger to ourselves—the bad effect upon our country and its government of a policy of military expansion—upon which the world laid greatest stress when the project for retaining the Philippines was first broached.

It may be good or bad for the Filipinos to be ruled from Washington, but it will inevitably be demoralizing to us to rule them. With the inextinguishable passion for freedom surviving among that subject people, says the Bishop, "there must be hosts of troops and scores of Governors and the organization of armies and staffs and military courts for nobody knows just how many islands."

What is this but the substance of despotism under the shadow of Republicanism, and in this vast expansion of our spoils system the Bishop truly says that—

"The source from which platforms, candidates and policies emanate is liable to become more and more controlled by those with whom personal interests are the supreme motives and personal gains the supreme ends. Will the stream rise higher than its source?"

Bishop Potter's impressive warning may not weigh with Mr. McKinley against the shouts of unthinking crowds at railway stations, but in the end it will be seen that he spoke for the conscience and the common sense of the American people.

EAST LIMESTONE.

Superintendent of the school recently visited the Bernard public school recently and seemed much pleased with the appearance of the school.

Mrs. H. P. Emmons and son Rolla, of Cottontown, were pleasant guests of relatives at the "Mt. Welcome" home several days last week.

The many huggles noticeable every busby day in Maysville at the stables of Mr. John W. Alexander, candidate for Representative, demonstrates his popularity in business as well as in politics.

R. H. Williams was in a quandary one day recently over the loss in some unaccountable way of a \$5 bank-note, which he luckily found the following day where he had stopped a pig hole in the fence.

The untimely death of Ernest Bruce, which occurred at Vanceburg a short time ago, is regretted here by the friends he won by his polite and gentlemanly demeanor during a period spent here in the walnut lumber business; especially at the "Mt. Welcome" home, where he took his meals. A similar accident to one of the teamsters was averted during their stay here by the prompt action of C. R. Williams, who was near by, stopping the team, thereby preventing the party loaded log from crushing him to the earth.

The cabin at the Lashbrook home where the late unparalleled tragic scene occurred was burned a few nights ago. The insidious structure, with its gruesome interior, had become a unbearable and sickening to the unfortunate husband, who requested it burned to the ground. This unprecedented crime has not ceased to be the topic of the day and is discussed with as much vehemence and animosity as the next day after the perpetration of the deed. The excited citizens who attempted to revenge the confessed crime by taking the law in their own hands now await with patience its denouement of justice.
